

# PROCUREMENT TOOLKIT

Your step-by-step guide to a seamless purchasing and export process with Nasons Electric.

This toolkit provides essential details to help buyers, distributors, and contractors efficiently manage orders, shipping, and logistics for our premium blockboards.

## Minimum Order Quantity (MOQ)

Learn about our flexible order policies tailored to suit both large-scale and sample orders:

- Full Container Orders: Minimum load of 1 container (20 ft) more than 7 tons.
- Samples: Available for evaluation less than under 30 kg.

## Shipping & Packaging Guidelines

- We ensure safe, reliable, and efficient international delivery:
- Packaging: Export-grade, moisture-protected wrapping for all blockboards.
- Lead Time: Typically 2–4 weeks depending on volume and destination.
- Global Shipping: Delivery available to Europe, MENA, and international markets.

## Incoterms & Trade Conditions

We offer a range of international trade terms to meet your shipping preferences and ensure transparent delivery conditions:

- **EXW (Ex-Works):** Buyer arranges pickup from our facility.
- **FOB (Free On Board):** We deliver goods to the port of shipment.
- **CFR (Cost and Freight):** We cover transport to the destination port.
- **CIF (Cost, Insurance, and Freight):** Includes shipping and insurance to the destination port.
- **DAP (Delivered at Place):** Delivery directly to the buyer's specified location.
- **DDP (Delivered Duty Paid):** Complete delivery with all customs duties covered.

and all Available upon request
